2021 IMPACT REPORT

We empower Tanzanian families to protect, support, and care for vulnerable children by helping villages implement sustainable social service and economic solutions.

Our Five-Year Program for Sustainable Economic Development and Independence

1. Listen to the children to gather their ideas for change.
2. Partner with people in the Kisondele and Kambasegela Wards.
3. Organize the community to support the most vulnerable children.
4. Assist with education and healthcare in each village.
5. Build economic independence with income generating crop and livestock co-ops.
6. Create entrepreneurs through training sessions.

This Is My Village Supporters
